Bioengineering/Bioinformatics Summer Institute (BBSI)

May 26 - July 31, 2009

<http://www.bbsi.sbes.vt.edu/>

Be a part of this state-of-the-art undergraduate research experience!

- Are you a **junior or senior undergraduate** student that is interested in bioengineering and/or bioinformatics?
- Are you thinking about graduate school in these areas?
- Are you looking for hands-on research experience?

This great summer opportunity is for you!

About BBSI

Our focus - bioengineering/bioinformatics. We emphasize four major research areas:

- Computational Systems Biology
- Computational Bio-Imaging
- Computational Physiology
- Mathematics

Summer interns participate in coursework, workshops and research in one of these areas

How to apply

- ONLINE Application Deadline: **February 6, 2009**
- To apply please visit <http://www.bbsi.sbes.vt.edu/> and follow the instructions for submitting the application materials.

Student housing and support

- Stipend for the 10-week program;
- Subsistence, including on-campus housing, a meal card, access and use of library and local transportation

Each student is provided with a laptop and software to complete coursework, workshop exercises, and research projects.

For more information send an email to sbes@vt.edu

VIRGINIA TECH WAKE FOREST UNIVERSITY
School of Biomedical Engineering and Sciences
